59th Annual Health Record Association of British Columbia Conference

Peter Hicks shared his amazing journey of adversity with heartfelt honesty and humor with HRABC attendees. No wonder Peter's powerful message of positive vision is so motivating. It is hard to beat his shared truism: upon awakening each morning, his words of the day begin with '*This is going to be an absolutely awesome day*'. How wonderful is that? Peter is a true pleasure to listen to, meet and work with. Thank you for taking the time to share your story with us.
